- (i) The Auctioneers' knowledge of the Lots is initially dependent on the information provided by the Seller who has warranted as to its accuracy. The Auctioneer does not carry out exhaustive due diligence on each Lot. The information supplied about Lots is not a representation of fact but a statement of opinion on the basis of the evidence reasonably available. Bidders acknowledge these points and accept responsibility for carrying out inspections and investigations to satisfy themselves as to the Lots in which they may be interested.
- (ii) It will be for Bidders to satisfy themselves as to health and safety matters. Bidders including the Buyer acknowledge that Lots have generally been used and many are of an age and type which means that they are not in perfect condition. The Auctioneers shall have no liability for the accuracy of the description of any Lot. Unless otherwise stated no warranty is given by the Auctioneers to the Buyer in respect of any Lot and any express or implied conditions or warranties are excluded to the fullest extent permitted by law. It is the Buyer's responsibility to check the Lot and ensure that its subsequent use is compliant and that identified health and safety concerns are rectified.
- (iv) If a Lot is described at the time of the Sale as in "working order" that Lot is understood to have no defect which renders it incapable of the reasonable work for which it is intended.
- (v) A Lot including any electrical item will have been inspected by an electrician. Where electrical equipment is sold without specific instructions for its use it is the responsibility of the Buyer to seek independent advice as to its safe operation. The Auctioneers shall have no liability for the safe operation of the item by the Buyer.

The Auctioneers accept no responsibility in connection with the commissioning of their staff to bid for a Lot. It is the responsibility of the Bidder to ascertain if he has been successful.
- (iv) The Auctioneers may at their discretion make arrangements to receive bids over the telephone or otherwise from prospective Buyers not physically present at the Sale. Where such a facility is offered prospective Buyers wishing to use it must register with the Auctioneers in advance of the Sale. The Auctioneers accept no liability in relation to telecommunications facilities and connections nor to the means by which such prospective Buyers may seek to communicate with the Auctioneers.
- (v) Bids shall be made exclusive of any VAT and Buyer's Premium which may apply.
- (vi) The Auctioneers may refuse to accept the bidding of any person without giving any reason.

- (viii) Where the Lot is offered for sale on the dissolution of a partnership Clause 13(vii) does not apply.
- (ix) The person who makes the highest bid acceptable to the Auctioneers shall be the Buyer on the fall of the hammer.

- (vii) In the event of any sale by the Buyer of a Lot before full payment has been made the Buyer shall hold the proceeds of such sale on trust for the Auctioneers to discharge the lien referred to at Clause 14(vi).
- 12. Responsibility for Lots**
- From the fall of the hammer for a Lot that Lot is the liability of the Buyer who is responsible for its safe use any damage to it and for complying with all legal requirements.
- 13. Buyer's Premium and Internet Surcharge**
- (i) All purchases will be subject to a Buyer's Premium charged at 10% on the first £1,000, 5% thereafter and capped at £300 plus VAT in addition of the hammer price + VAT on all lots.
- (ii) All online purchases will be subject to an Internet Surcharge in addition to Buyers Premium which is charged at 1.5% of the hammer price + VAT.

- (ii) The Seller must state to the Auctioneers whether he is registered for Value Added Tax and if registered his Value Added Tax registration number and whether he operates under a flat rate scheme or any VAT Margin Scheme. - (vi) Where the Seller does not advise the Auctioneers of the appropriate rate of or status for VAT of a Lot the Auctioneer will apply the rate or status that appears appropriate from the information available to them and will not accept liability for any errors.
- (vii) Where a Lot is sold on behalf of a Seller who is not registered for Value Added Tax the Lot will be sold under the VAT Auctioneers' Scheme unless written instructions are given to the Auctioneers to the contrary.
- (viii) Where a Seller is registered for Value Added Tax and is trading goods under the general Margin Scheme and would like to offer a Lot for sale under the VAT Auctioneers' Margin Scheme the Lot must be included on a separate Entry Form making it clear that the Lot is to be sold under the respective schemes.
- (ix) The Auctioneers require Buyers from countries in the European Union who are registered for Value Added Tax to supply the Auctioneers with their VAT number or equivalent fiscal number and other relevant information so that the Lots purchased may be invoiced without Value Added Tax. Where this information is not made available or where the Buyer is not VAT registered, VAT will be charged at the appropriate UK rate in addition to the Hammer Price of the Lot. This amount will not be recoverable. It is the responsibility of such a Buyer to ensure that he or his haulier completes and signs a "collection certificate" at the Auctioneers' office on collection of the Lot purchased so that Value Added Tax is not charged at the standard UK rate and be irrecoverable.
