SITUATION

Knapp Farm occupies a secluded but accessible position in the heart of the Blackdown Hills National Landscape (AONB). The small village of Marsh is less than a mile away and has access to the A303 providing excellent links to London and Exeter. The market towns of Honiton and Chard (9 and 5 miles respectively), which cater for daily needs, including shops, schools and recreational facilities. Honiton has a mainline rail link to London Waterloo (2 hours 50 minutes). Taunton the county town of Somerset (12 miles) offers excellent retail, commercial and educational opportunities. Equestrian facilities at Chard Equestrian Centre & Bicton Park are within easy reach.

THE PROPERTY

Knapp Farm comes to the open market for the first time since 1928 and was formerly part of the Whitestaunton Estate. It was a dairy farm until the late 1980's and in recent years has been a beef unit. Its sale now offers purchasers the opportunity to acquire a substantial period farmhouse for renovation with annexe, a range of traditional and modern farm buildings and about 81.13 acres of very attractive pasture and woodland in a ring fence.

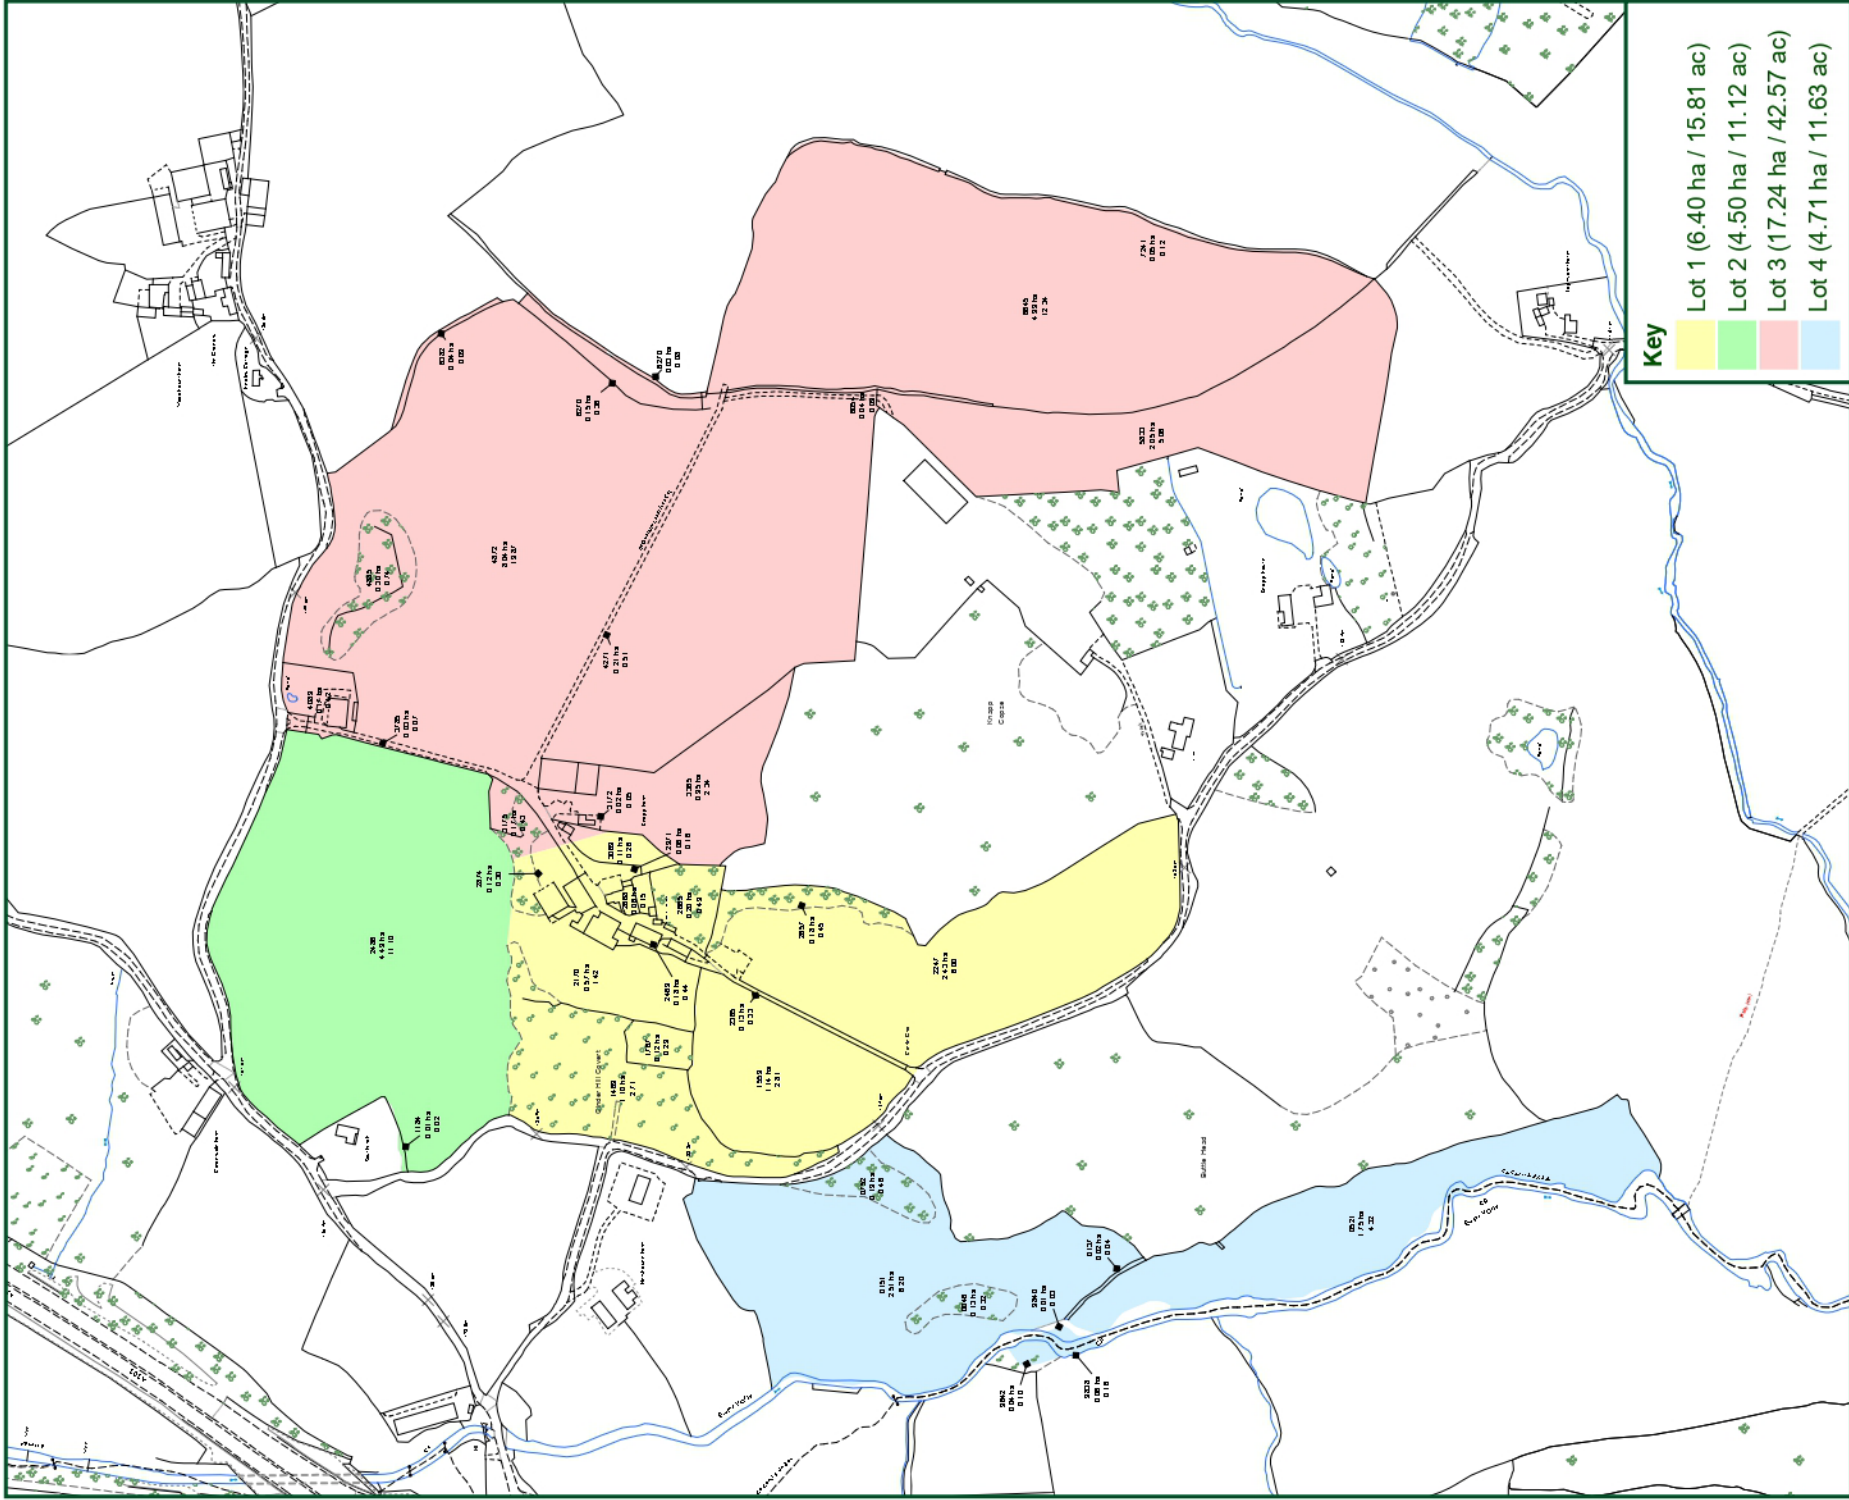

LOT ONE

Farmhouse, farm buildings and 15.81 acres (6.40 ha)

The period farmhouse is built of mellow local stone with brick quoins and dressings under a pantile roof. The front façade is rendered and faces the garden. The original farmhouse has had several extensions added, to create the kitchen and the two-bedroom annexe. The core of the property epitomises the style of the Victorian era with generous sized rooms, high ceilings and period features such as picture rails and fireplaces. The farmhouse is spacious and light-filled but is now in need of modernisation and renovation. There is potential to extend the accommodation into the adjacent stone buildings (STPP). The annexe, which has a more cottagey feel, could provide separate accommodation for multi-generational living or rental income, equally it could be reintegrated into the farmhouse.

Please see floorplan for accommodation and measurements.

OUTSIDE

The farmstead is accessed from the farm drive which is flanked by pastureland and rises up to the farmhouse, passing by some of the farm buildings which could have potential for development (STPP). To the south of the farmhouse is a largely level garden laid to lawn with attractive stone walls providing the boundary.

FARM BUILDINGS

In the lower yard to the left of the farm drive:

Block built former **Dairy** (14.98m x 5.91m) with a profile roof
 Stone and block **Barn** (18.93m x 9.22m) with a profile and tiled roof
 Lean-to

Traditional **Stone Barn** (22.56m x 7.11m) with profile roof and rear Lean-to (18.28m x 11.06)
