## THE PROPERTY

Preston Hill Barn is situated in a fine position with glorious views south to Preston Hill, east over farmland and north towards the village. The house was built to an exacting standard in 2018 with wonderful flowing space linking up the array of reception rooms and bringing the outside, in.

The porch gives covered access to the house with a large welcoming reception hallway, off which lies the study and guest wc with shower. To the right is the open plan kitchen / dining room with French and sliding doors to the south facing terrace. The kitchen has an island and plenty of wall and floor units. The utility room is off to the side housing washing and drying machines, boiler and storage cupboards as well as further access to the rear patio area. Back through the kitchen is a dining hall linking the two reception rooms, the more intimate sitting room is east facing over part of the land and the orchard. The larger drawing room has wooden floors, further access to the terrace and a wood burning stove.

Upstairs are three double bedrooms all with open beams, built in wardrobes and taking in the eastern and southern views over ones own land. The principal bedroom has the en suite shower room and there is also the family bathroom too.

Across from the front door is the annexe with a kitchen and a wc downstairs and a long adaptable first floor room, which gives useful guest / teenage space. The double garage has a single electronic roller door for ease.

## OUTSIDE

The gardens and grounds and fields to Preston Hill Barn are set in a total of 4.20 acres and have been lovingly laid out and maintained from the very beginning and are a pleasure to look upon and make use of the different aspects.

The house is approached at the end of a private road, with the driveway to Preston Hill Barn sweeping in to a large parking and turning area with a double garage, with one large electric operated roll door which in turn is attached to the annexe. The vista of the feature pond area and east

towards the hills, over farmland, is exceptional. However, to the rear of the house is a south facing terrace accessed via either the kitchen / breakfast room or the rear drawing room. This sizable patio area is ideal for al fresco entertaining and has terraced flower beds leading to a level lawn. Beyond here is the larger field of approximately 3.13 acres accessed from the side coming back to the driveway. Further around the property to the eastern side are more lawns and a fire pit area adjoining the smaller, but interlinked, field being approximately 0.58 of an acre in its own right.
