INTRODUCTION

A beautifully presented Grade II listed period home, tucked away close to the heart of the sought-after market town of Beaminster, offering deceptively spacious accommodation arranged over three floors together with a delightful private courtyard garden. First impressions of the property are immediately striking, with attractive natural stone elevations and an abundance of character throughout. Having undergone an extensive and sympathetic programme of renovation in recent years, the property now offers an exceptional blend of period charm and modern convenience, creating a home of considerable warmth and style.

Historically the property was formerly a tea room and bakery, which contributes greatly to the generous proportions found throughout the accommodation.

THE PROPERTY

The ground floor comprises an entrance hall with useful storage together with a superb reception room featuring a wood burning stove, charming window seat and bespoke alcove storage. Currently arranged as a dining room, this versatile space connects seamlessly to the kitchen via a traditional butler's hatch. The kitchen itself has been thoughtfully redesigned and fitted with an extensive range of quality wall and base units providing excellent storage and workspace.

Also situated on the ground floor is a cloakroom, formerly an external privy and now fully incorporated into the main accommodation. From here, a door leads directly out to the rear courtyard garden.

The first floor reveals the true heart of the home — a magnificent sitting room of particularly generous proportions, filled with natural light and rich in character features. Dual aspect windows create a bright and tranquil atmosphere, making this an exceptional living space. Also on this floor is a third bedroom/study together with a large storage cupboard. The family bathroom has been stylishly updated to a high standard with contemporary fittings.

On the second floor are two further bedrooms, both generous doubles, including an impressive principal bedroom benefitting from extensive built-in storage.
