- Detached
- Large Driveway
- Newly Remodelled Kitchen

An Exceptional Four-Bedroom Detached Home in the Heart of Windsor

Nestled at the end of a peaceful cul-de-sac, this beautifully presented detached home offers impressive curb appeal with its wide frontage, spacious private driveway accommodating three cars, a double garage.

Extending to approximately 2,500 sq. ft. over two floors, the property provides generous and well-balanced living space. The ground floor features two large reception rooms — one a formal sitting room, and the other a relaxed family area forming part of an elegant kitchen extension that opens directly onto the decked garden terrace. The recently remodelled kitchen boasts sleek stone worktops and high-end integrated appliances, creating a contemporary and practical heart to the home.

Further accommodation on the ground floor includes a separate dining room, a front-facing study, and a guest W.C.

Upstairs, there are four double bedrooms and two bathrooms, including an en suite serving the full-depth master bedroom. Each room benefits from excellent fitted wardrobe storage, and there is also a spacious loft providing additional potential.

Situated on Errington Drive, a quiet and desirable street of similarly styled homes, this property is just a short stroll from Windsor town centre and the scenic River Thames walk, while offering convenient transport links into London and beyond.
