Description

Offered to the market for the very first time since its construction in 2009, Pant Onnen is an outstanding country residence set within extensive grounds, offering a truly captivating and highly individual rural landscape.

This distinctive detached home has been thoughtfully designed to combine contemporary luxury with eco-conscious living, resulting in a property of exceptional quality, character and efficiency. Set within beautifully landscaped gardens and grounds, the residence enjoys far-reaching, uninterrupted countryside views and offers a rare lifestyle opportunity.

The grounds themselves are a defining feature, a carefully curated blend of productive gardens and versatile outdoor spaces and outbuildings creating a tranquil yet highly functional environment. Whether for family life, equestrian pursuits, small holding, home working or multi-generational living, Pant Onnen provides an adaptable and inspiring setting.

Internally, the accommodation is both generous and refined, with the potential to create an annexe if so desired, finished with high-quality materials, including elegant oak detailing throughout. The home has been designed with comfort and longevity in mind, incorporating underfloor heating across two floors alongside extensive solar infrastructure, ensuring an energy-efficient and sustainable living environment without compromise on luxury. Pant Onnen represents a seamless fusion of modern design, environmental sensitivity and countryside charm, a truly special home offering privacy, versatility and an exceptional quality of life.

Situation

The village of Llangwm is approximately 4 miles from the popular market town of Usk which offers shopping and primary school facilities. The A449 is just under 3 miles away which provides easy access north to Monmouth and south to Newport; both 16 miles distance and the regional centres of Cardiff and Bristol are each within a 40 minute drive with fast London trains from Newport or Bristol Parkway.

Ground Floor Accommodation

Enter via a solid oak porch complete with bespoke stained glass panel depicting local wildlife & landscape, into the welcoming reception hall immediately establishing the home's quality and craftsmanship, featuring engineered oak flooring and access to the principal reception areas, cloakroom with WC & vanity wash handbasin, along with useful understairs storage and an oak staircase leading to the first floor.

The heart of the home is the beautifully appointed bespoke solid oak kitchen, designed with both style and practicality in

mind. High-quality integrated appliances include a microwave, oven and dishwasher, complemented by sink with mixer tap, filtered cold water and boiling water tap. A traditional Rayburn solid fuel cooker, currently not in use, provides character and is suitable for wood or coal.

Adjoining the kitchen is a highly practical utility room with additional freezer capacity, washing machine and tumble dryer space and manifold access for the ground floor underfloor heating system. The ground floor is insulated over a beam and block flooring system.

The spacious lounge offers an elegant yet comfortable living environment, centred around a feature fireplace with a solid mahogany mantle and wood-burning stove. French doors open seamlessly into the conservatory, where marble flooring and electric radiators create a bright all-season entertaining space with direct access onto the patio and gardens beyond.

A doorway leads from the lounge through to an inner hallway with contemporary ground floor shower room with an electric towel radiator, comprising shower cubicle, WC & vanity wash hand basin. A separate dining room benefits from engineered wood flooring with two electric radiators, exposed stone walling and an understairs drinks cabinet and space for drinks fridge, ideal for both formal entertaining and family gatherings, with French doors leading to the rear patio, creating a seamless connection between the interior living spaces and the outdoor environment. A staircase leads to an additional versatile reception room heated by an electric radiator, currently used as a music room, however, provides flexibility for home working, study, snug or guest accommodation. This area of the property lends itself to guest accommodation or annexe for multi-generational living.

First Floor Accommodation

The first-floor landing leads to three well-proportioned bedrooms, each enjoying attractive outlooks and excellent natural light, with underfloor heating and countryside views. Bedroom Four is currently used as a study and provides access to manifold for first floor underfloor heating system. The family bathroom is fitted with a bath, separate shower enclosure, WC and wash hand basin, refitted in 2026. A further staircase leads to the principal suite with vaulted ceiling, built in wardrobes and dual aspect Velux windows maximising the far-reaching countryside views. The suite is heated by two thermostatically controlled radiators heated by the hot water system. Adjacent is a shower room, heated by an electric towel radiator, refitted in 2026 to provide shower cubicle, WC, wash hand basin and a walk in cupboard housing the solar panel controls and batteries.

Outside

The property is set in approximately 1.24 acres and is approached via an open parking area, with a gateway leading to an enclosed parking area and in turn to the detached double garage with twin doors & side pedestrian door , internally set up as a garage and workshop with a staircase leading to the first floor rooms, perfect for home working, hobbies or conversion to annexe subject to the necessary planning consents.

The well established gardens, patio areas and hot tub provide multiple spaces for entertaining, dining and relaxation while taking full advantage of the surrounding countryside views. With an attractive stone pond and waterfall, log & coal storage, summerhouse, large storage shed/workshop with power & lighting, green house and vegetable garden.

A gateway leads through to the enclosed wildlife garden, formerly a pony paddock, with wooden stable block providing two loose boxes, with power & water, there is also vehicular access from the road into the paddock.

Agents Note

The property benefits from:
12 owned solar panels
Battery storage system with grid feedback
Advanced PV cell infrastructure
Efficient underfloor heating system throughout except in recently added extension (potential annex area)
Excellent thermal performance and natural insulation
Rainwater harvesting system.

These features combine to create a highly efficient home with reduced running costs while maintaining exceptional year-round comfort.
